

8-Gallon Gas Powered Wheelbarrow Air Compressor

EC2610E

HITACHI

- **Powered by a Honda GX 160 engine** that delivers reliable and rugged performance
- **Cast iron, low RPM, oil lubricated pump** for improved performance and durability
- **Air-cooled after cooler** reduces moisture inside air tanks
- **Baseplate integrated control panel** protects the gauge, regulator and plumbing, while centralizing the controls for simple operation

*The power rating of the engine indicated in this document is the net power output tested on a production engine for the engine model and measured in accordance with SAE J1349 at a specified rpm. Mass production engines may vary from this value. Actual power output for the engine installed in the final machine will vary depending on numerous factors, including the operating speed of the engine in application, environmental conditions, maintenance, and other variables.

Power Output.....	5.5 Net HP*
	@ 3,600 RPM
Displacement.....	196 cc
Tank Capacity.....	8 Gallon
Max Working Pressure	145 PSI
CFM.....	9.5 @ 90 psi
Lubrication	Oil
Weight.....	158 lbs

Accessories Included

Breather Pipe Plug
Breather Pipe
